Chicago Title and Trust Company, Trustees,

History: THE LAKESIDE HOSPITAL was established in the early part of 1884 and since 1903 the present management has been in charge conducting its affairs successfully up to the present time.

Service: The Hospital maintains laboratories and a competent staff of thirty-six of the best physicians and surgeons in the City of Chicago. Continual research is made through the laboratories by experts in various lines.

Purpose of Issue: To build an additional building being the nucleus of a general hospital and an X-Ray Hospital.

Earnings: Based on the record of the past ten years' earnings it is conservatively estimated that with the additional beds and the new facilities and equipment, the earnings will be two and one-half times the entire fixed charges of this issue.

Personnel: The Physicians and Surgeons that comprise the permanent staff of this Hospital are among the leaders in their profession. There are thirty-six members who are each noted for their specialty and there are also one hundred and thirty-nine associate physicians who contribute to the success of the hospital by their patronage.

There have been graduated upwards of 350 nurses from this organization under the present management, as well as a large number of internes who have been properly trained and experienced under the staff.

Redemption: These bonds are callable at any time after five years on any interest date at 102 and accrued interest, on the tenth year, \$110,000 are to be retired and the balance at the end of the 20th year.

Should the need arise for the resale of these bonds at any time we are willing to lend our best efforts to that end.

Sinking Fund: A sinking fund has been provided through a contract with the Peoples Life Insurance Company whereby one-third of this issue of bonds may be retired in ten years and the balance in twenty years.
